Tips and Tricks for leading a discussion

Be real! These questions are hard and the group needs to know that it is a safe place to share and be vulnerable. By authentically sharing you will show others that the group is a safe place to share.

Growth Tip

Ask someone in your life to give you an honest assessment of you regarding pride. Then pray to God to show you your pride and to teach you to be humble and true to God. Remember, when we become arrogant we cheat ourselves and God! Stay humble and true to God!

You can pray to begin your relationship with Jesus!

Jesus, I need you. Forgive my sinful mistakes. I am giving you control of my life. Thank you for your love! Amen
